

Mini Crawlers

Used Mini Crawler Canada - Our different Mobile Crane Operation programs are meant for experienced operators who requires certification or re-certification, and for inexperienced people who are searching for their very first job as an operator of a crane. Business demand for crane operators who are certified is high all around the country. Crane operator positions are high due to their high pay. Operators of cranes are among the highest paid of whichever heavy equipment operator. Our Crane Training Schools include instruction and training for different mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging. The Crane Training School program is suitable for riggers, supervisors and operators. Course materials include an informative and manual hand-outs. The illustrated safety guidebook consists of 100 to 250 pages, depending on the course, of helpful and important material. Course materials comprise load charts and load chart exercises for the crane with which the person training is working. Over half of the course involves Hands-On Safety Training. Practical training is helpful for increasing and developing personnel skills levels. Only skilled journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of industry experience. Optional testing mechanisms are provided for all of our courses. Students would normally write tests both before and after training. A test for skills is normally administered for programs which comprise H.O.S.T. People training would be graded and tested. We provide certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Testing & Certification. Business standards of practice are changing as new business requirements emerge. There are constant updates to regulations and legislation. Enhancements in equipment and technology continue to be made. Industry data collection and analysis identify trends that are changing. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members abreast of workplace and personal safety news.
